Tools to Help Navigate Life's Terrain[®]

When was the last time you really had a fun, meaningful, transformative training session? Do your staff meetings and retreats provide the tools and space for your teams to grow personally and have the kinds of conversations necessary to live more conscious lives? If you are looking for new ways to help increase your staff's well-being, let the Land of... Children's Books[®] Corporate Wellness Program bring our resources, lessons, and workshops to your group.

Although these are "children's books," they have been created for readers of all ages. With messages that apply to everyone, and life lessons that we can all incorporate, these beautiful books provide a new, fun way to bring mindfulness and conscious living resources to adults and children alike.

With a full series to choose from, and different books for a variety of topics, we offer programs in being present, using the best labels for ourselves, inclusion, and good decision making. Simple topics that can have big and lasting impacts on your employees' well-being.

In addition to the reading of the books (which we can do on a large screen), the workshops include time for the discussion of the book and its meaning and how to apply it to everyday life. We also provide the files for printable worksheets for your staff to use to remember and apply each lesson, and share with their families. We also have downloadable posters for your offices that will help remind everyone of the journey. And, if you would like to order copies of the books for your staff, we offer wholesale and bulk pricing.

Although our books are categorized for ages 5 and up, the topics they cover are important to all ages, especially adults. Everyone can certainly gain something from these important stories, and life-changing tools.

**Climb on aboard and your world will expand.
We'll include all we find in this grand Land of AND!**

As you float down the river that rolls and rumbles through *Land of AND*, you learn great ways to include others, accept differences, and make your world more exciting! You'll discover that even those who, at first, may seem scary or different can bring something great to your journey; whether it's a special skill, a wealth of experience, or even just a unique sense of style. You'll make sure that everyone is included and gets to come along!

**In Land of I AM you will find your way through,
past all the false mirrors and to the real you!**

Two of the most powerful, important words that we use are "I am." These simple words shape how you see yourself. As you wind through *Land of I AM's* maze, you'll see that the reflections come from the false, negative labels you've given yourself. As you learn to be careful with the I AMs that you say, and choose only the best ones, you'll find your way out and discover the best and truest version of your real self.

**Sit here in NOW; in this Land you will find,
ways to clear all the chaos and quiet your mind.**

In *Land of NOW*, you learn the tools for how to be present, in this moment by clearing out all the useless thoughts that are blocking the NOW. Whatever the reason, whether it's worry, regret, or not liking what is, *Land of NOW* can show you and your young readers, what to do with all the useless thoughts, and how to let them move on so you can enjoy the present, the only moment we have, the NOW.
